WORK HISTORY

Self-employed: Comic Artist, Character Designer, Illustrator & 2D animator

Greengates, Bradford - 02/2019 - present

- I've worked closely with comic writers to bring their stories to life, through my quick drawing skills & clear communication. I have helped them translate their wordy vision into an experience with my knowledge of non-verbal storytelling.
- I've worked as an artist in rapid communication with teams of researchers & facilitators to create educational comics, targeted at young adults & children to help them understand diseases & medical trials.
- I've lent my skills as a traditional animator & clean up artist to the german animation studio Monströös and the Bachelor film Karlchen and the Elephants.
- I'm always working highly self-motivated & organised to understand & meet my clients needs and deadlines.
- I've developed my creative skills as an artist through personal comic projects & illustrations.
